

**Old vineyards** DeSilva is our original family name and therefore stands for the selection of the best grape qualities and the care of the soil in which the old vines are deeply rooted. The origin and character of our vineyard makes it unique and distinctive.

## Lagrein Rosé DOC

### Vine variety

100% Lagrein

### Description

A special Rosé which we are selecting from the so-called Salasso (juice extraction) of the best Lagrein grapes. Thus the aroma and taste is stronger. The aroma goes from red currants to the gentle aroma of strawberries. His freshness is predominant and it has an on-going harmonious taste.

### Position

Galgengut by the lake of Caldaro, 224 m altitude.

### Land

Loamy to sandy land

### Harvest

Late september, early october.

### Yield

65 hl/ha

### Development

Mechanical removal from the stems, short traditional mash fermentation in stainless steel tanks and then extraction of the must in the early phase of fermentation. Fermentation is then continued in stainless steel tanks without the grape skins. As a result of the short diffusion of the skins we obtain the typical rosé colour. This Rosé is made in the same way as white wine and thus biological acid degradation is not required.

### Shelf life

3 - 5 years

### Serving temperature

12 °C

### Food recommendation

Starters as pasta, risotto, fish-based Antipasti. It is an ideal companion during summertime as an Aperitif.
